SUPPLEMENTARY QUESTIONS

PATIENT DECLARATION for all patients who are not ordinarily resident in the UK

Anybody in England can register with a GP practice and receive free medical care from that practice.

However, if you are not 'ordinarily resident' in the UK you may have to pay for NHS treatment outside of the GP practice. Being ordinarily resident broadly means living lawfully in the UK on a properly settled basis for the time being. In most cases, nationals of countries outside the European Economic Area must also have the status of 'indefinite leave to remain' in the UK.

Some services, such as diagnostic tests of suspected infectious diseases and any treatment of those diseases are free of charge to all people, while some groups who are not ordinarily resident here are exempt from all treatment charges.

More information on ordinary residence, exemptions and paying for NHS services can be found in the Visitor and Migrant patient leaflet, available from your GP practice.

You may be asked to provide proof of entitlement in order to receive free NHS treatment outside of the GP practice, otherwise you may be charged for your treatment. Even if you have to pay for a service, you will always be provided with any immediately necessary or urgent treatment, regardless of advance payment.

The information you give on this form will be used to assist in identifying your chargeable status, and may be shared, including with NHS secondary care organisations (e.g. hospitals) and NHS Digital, for the purposes of validation, invoicing and cost recovery. You may be contacted on behalf of the NHS to confirm any details you have provided.

Please tick one of the following boxes:

a) ☐ I understand that I may need to pay for NHS treatment outside of the GP practice

b) ☐ I understand I have a valid exemption from paying for NHS treatment outside of the GP practice. This includes for example, an EHIC, or payment of the Immigration Health Charge ("the Surcharge"), when accompanied by a valid visa. I can provide documents to support this when requested

c) ☐ I do not know my chargeable status

I declare that the information I give on this form is correct and complete. I understand that if it is not correct, appropriate action may be taken against me.

A parent/guardian should complete the form on behalf of a child under 16.

Please tick ☐ if you have an S1 (e.g. you are retiring to the UK or you have been posted here by your employer for work or you live in the UK but work in another EEA member state). **Please give your S1 form to the practice staff.**

How will your EHIC/PRC/S1 data be used? By using your EHIC or PRC for NHS treatment costs your EHIC or PRC data and GP appointment data will be shared with NHS secondary care (hospitals) and NHS Digital solely for the purposes of cost recovery. Your clinical data will not be shared in the cost recovery process.

Your EHIC, PRC or S1 information will be shared with The Department for Work and Pensions for the purpose of recovering your NHS costs from your home country.

Dear Patient

Thank you for your request to join The Surgery at Amersham Health Centre. We look forward to offering you the highest standards of care.

All new patients are asked to provide proof of identification (children registering with their family do not have to do this). Please will you bring in your passport as proof of identity when returning your registration forms. If you do not have a passport, please will you bring in your birth certificate. Please let us know if you cannot supply either document.

Proof of address is also required before we can register you. Please can you supply a document such as a utility bill, council tax bill or bank statement that contains your name and address.

Non-British citizens will also need to provide proof of entitlement to free NHS treatment. This can be a European Health Insurance Card or a current residence permit in addition to a passport.

A copy of the Patient/Practice Agreement is enclosed for you to retain. Please confirm your acceptance of the terms of this agreement by signing below. Thank you.

Yours sincerely

Mr Alan Sykes
Practice Manager

The Practice's Commitment

MISSION STATEMENT

We, the Practice, aim to provide our patients with the highest quality of health care available under the National Health Service, delivered by a well trained and motivated primary health care team. The special skills of every team member will be used to the benefit of our patients.

PRACTICE PRINCIPLES

We aim to care for our patients according to the highest professional standards and you will be treated with courtesy and consideration by all our staff. You will receive appropriate information about your conditions and treatments and will be educated in health care matters whenever possible. Our doctors, nurses and staff will take part in continuing training and professional development.

CONTINUITY OF CARE

We will try to offer an appointment with the doctor of your choice whenever possible. As the doctors work as a team, if you have a problem that cannot wait it is much better to book an appointment with another doctor rather than to wait for the doctor of your choice.

APPOINTMENTS

The doctors and nurses will try to see you at your appointment time but may ask you to come back for another appointment if your problem takes longer than the time you have booked. If you have complex problems to discuss you can ask for a double appointment when you contact reception.

CONFIDENTIALITY

All information relating to a patient will be held confidentially and will not be released without the patient's written consent.

POLICY ON SEEING MINORS

All children under the age of 12 must be accompanied by an adult throughout the consultation and examination. Young people between the ages of 12 and 14 can consult alone but must attend the surgery accompanied by a responsible adult whose permission and co-operation will be sought. 14 to 16 year olds may attend un-accompanied and consult alone. Any patient over the age of 16 has the right to have test results given only to them and results will only be given to a parent if it is clearly recorded in the patient notes that permission has been given for that episode of care.

CHAPERONES

A chaperone is available for any consultation at any stage. This can be requested via the reception staff or any clinical staff member.

COMPLAINTS

The Practice agrees to take all complaints seriously and will reply in writing as soon as possible.

DISCLOSURE

I, the patient, agree to disclose all material facts regarding my health to my General Practitioner and his or her clinical staff.

APPOINTMENTS

I agree to try to attend on time for all appointments booked with the practice and to cancel in advance any appointment that I cannot attend. I acknowledge that should I arrive late for an appointment I may be asked to re-book for another time.

EMERGENCY APPOINTMENTS

I agree only to use these appointments for medical emergencies that require immediate treatment.

HOME VISITS

I shall request a home visit from the practice only if I cannot physically attend at the practice.

PHONING BEFORE 11:00 A.M. MAKES IT MUCH EASIER FOR THE PRACTICE TO MANAGE THESE REQUESTS.

TREATMENT OF STAFF

I agree with the policy of zero tolerance of abuse towards all NHS Staff. I agree not to behave in an abusive, threatening or otherwise aggressive manner with any member of the practice staff. I acknowledge the right of the practice to remove me from their list without appeal should I behave in a manner that is prohibited.

REPEAT PRESCRIPTIONS

When I need to request repeat prescriptions, I agree to give the practice at least two working days notice of my need for more medication. Furthermore I agree to make my request either in person, by fax, post, via our website (amershamhealthcentre.co.uk) or on the slip provided (we cannot accept telephone requests for repeat prescriptions). I agree that:

- I will not keep more than two months' supply of pills or other items in my home.
- I will not order medication more than two weeks before it is needed.
- I will not stockpile any items.
- I will not order every item on my repeat list for convenience but will order only what I really need.

MOBILE PHONES

I agree to switch off my mobile phone before I start my consultation with the doctor or nurse. I agree to switch it off immediately should it ring while I am with the doctor or nurse if I have forgotten to turn it off.

PRIVATE FEES

We are often asked to write letters and complete forms on behalf of patients. This work is not covered under the NHS and a charge will be made. Examples are given below. Please contact the surgery for an up to date price before making your request. Payment will be requested in advance before any private work is carried out.

- Private prescriptions for travelling abroad
- Unfit to sit examination letter
- Holiday cancellation form
- Sickness / accident benefit and insurance forms
- Fitness to travel / perform / exercise letter
- Letter regarding medication for holidays
- Passport forms
- Freedom from infection certificate
- Medicals
- Private medical certificate
- Private vaccinations
- Private reports

THANK YOU FOR READING AND SIGNING THIS AGREEMENT

Summary Care Record – your emergency care summary

The NHS in England has introduced the Summary Care Record, which will be used in emergency care. The record will contain information about any medicines you are taking, allergies you suffer from and any bad reactions to medicines you have had to ensure those caring for you have enough information to treat you safely.

Your Summary Care Record will be available to authorised healthcare staff providing your care anywhere in England, but they will ask your permission before they look at it. This means that if you have an accident or become ill, healthcare staff treating you will have immediate access to important information about your health.

For more information visit the website **www.nhscarerecords.nhs.uk** or telephone the dedicated NHS Summary Care Record Information Line on 0300 123 3020. If you choose not to have a Summary Care Record, you can let us know at any time if you change your mind.

We are supporting Summary Care Records and as a patient you have a choice:

CONFIDENTIALITY OF HEALTH RECORDS

(As per the Caldicott Committee Report on review of Patient Identifiable Information, published in December 1997)

We ask you for information so that you can receive proper treatment. We keep this information, together with details of your care, because it may be needed if we see you again. Sometimes the law requires us to pass on information, for example, to notify a birth. The NHS Central Register for England & Wales contains basic personal details of all patients registered with a General Practitioner. The Register does not contain clinical information. You have a right of access to your health records.

EVERYONE WORKING FOR THE NHS HAS A LEGAL DUTY TO KEEP INFORMATION ABOUT YOU CONFIDENTIAL.

You may be receiving care from other people as well as the NHS, so that we can work together for your benefit we may need to share some information about you. We only ever use or pass information about you if people have genuine need for it in both your and everyone's interests. Whenever we can, we shall remove details, which identify you as an individual. Anyone who receives information from us is also under legal duty to keep it confidential. We ensure that we have your written consent when passing medical information to non-medical persons, e.g. solicitor, insurance companies etc.

THE MAIN REASONS FOR WHICH YOUR INFORMATION MAY BE NEEDED ARE:

- Giving you health care and treatment.
- Looking after the health of the general public.
- Managing and planning the NHS, for example: Making sure that our services can meet patient needs in the future, auditing clinical records, preparing statistics on NHS performance and activity, Investigating complaints or legal claims
- Helping staff to review the care they provide to make sure it's of the highest standard.
- Training and educating staff (but you can choose whether or not to be involved personally).
- Research approved by the local Research Ethics Committee. (If anything to do with the research would involve you personally, you will be contacted to see if you are willing to be involved first).

Please indicate below whether you are willing for your records to be reviewed by an Authorised person, as appropriate.

I am willing*/not willing* for my records to be reviewed by an Authorised person.

I understand that no information will be divulged to anyone else. (* Delete as appropriate)

Patient Services – Patient Disclaimer / Information Sheet

This policy is intended to provide you (the patient) with all the information you need to know about Patient Services. It covers how your information is stored, how it is accessed, and patient confidentiality.

Patient Services is provided to you by our clinical provider INPS. This is a free service, funded by the NHS, to give patients online access to booking appointments and ordering repeat prescriptions.
Information Security:-

All information you provide to us is stored on our clinical providers secure servers. During registration, you will be asked to set up your own password to access this service. It is your responsibility to keep this password safe and confidential. Only you can access your own account unless you have registered children aged 14 and below.

The internet is not a secure place; however, our clinical provider INPS have gone to great steps in making sure your information is secure as possible. See privacy policy here **www.patient-services.co.uk**.

Registering to use Patient Services:-
If you are aged 15 and over, you may register to use our Patient Services. You can only register yourself and must show two forms of identity, i.e. passport, driver's license or some form of photo ID (if you are aged 15 to 18, we will also accept a young person's bus pass or library card). You must have an email address to register for VOS otherwise you can NOT use this service.

Registering someone else 15 and above:-
Unfortunately, you can NOT register another person who is 15 and above to Patient Services. Each patient wishing to register to use Patient Services will need to show their own ID and supply their own email address. Exceptions are given where a patient is housebound and unable to visit the practice.

Registering Children 14 and below:-
Parents or legal guardians may register children aged 14 and below. Again, you will have to show two forms of identity – your own, not your child's.

Access to children's / young adults account(s) when they turn 15 and above:-
Once a child, whose Patient Services account you have previously had access to, turns 15, access to their account by you or anyone else is prohibited. Please ask the child / young adult to visit the practice and register their own account to use Patient Services. Please note that they will need to bring in two forms of identity, as specified above, and supply their own email address.

Missing 4 or more appointments within 12 months:-
If you have missed 4 or more appointments within 12 months which were booked but not cancelled, your Patient Services account will automatically be disabled and you will not be able to access it. You can request to be set back up if you have not missed any subsequent appointments from the date your account was disabled. If you continue to miss appointments, we may disable your Patient Services account indefinitely.

I hereby agree to and understand the above information and consent to registering myself and / or my child aged 14 and below to use* Patient Services. *I understand that if I have registered a child aged 14 and below that when they turn 15, myself and anyone else, is prohibited to use their account and I must inform the child, if they wish to use this service, that they must visit the practice and register their own account as stated above. I also understand that missing 4 or more appointments which haven't been cancelled will mean my* Patient Services *account will be disabled for 6 months pending a review.
