

Better Housing Better Health

The Warmth & Wellbeing Service

ENERGY VOUCHER SCHEME

VOUCHERS STILL AVAILABLE

The Better Housing Better Health [Energy Voucher Scheme](#) is live and open for partners to refer residents who need help the most. We have an allocation of **£49.00** fuel vouchers available to residents on prepayment meters to help towards the cost

WHAT YOU'LL NEED

If you know a resident who is struggling to pay their energy bills and would like to make a referral, you'll need some basic information like their name and address but we will also require the **serial number of the prepayment meter**. Please add this into the 'brief summary' section of the online form.

If you don't have this information when you refer, we can ask the resident when we speak to them. Please make them aware however that we will require this information.

MAKE A REFERRAL

GREEN HOMES GRANT

LOCAL AUTHORITY DELIVERY

The [National Energy Foundation](#) are working alongside local authorities in Watford, Hertsmere, Three Rivers, Oxfordshire and Buckinghamshire to deliver grants to eligible citizens as part of the Green Homes Grants scheme set up by the Government in line with their plan for a decarbonised future.

As part of the governments Green Home Grant initiative, we have been given funding to help low-income residents make energy saving changes to improve the warmth and wellbeing of their home and to help the UK on the path to net zero. Homes can benefit from measures such as **insulation** as well as **heating upgrades** to help improve your home's performance in a programme **fully funded** by this grant.

like more information please call **0800 038 6030** or alternatively
email greenhomesgrant@nef.org.uk.
